Friends of Tafo Newsletter SPRING 2007

Friends of Tafo is a UK Charity that facilitates and inspires sustainable development in education, health, employment and infrastructure in the town of Kwahu-Tafo, Ghana, West Africa.

This is the *ninth* FOT Newsletter, which comes to you as Ghana celebrates its 50th birthday, Kwahu-Tafo entertains MTV, and the Development Council plans the town's journey into the future...

Ghana is 50!

The star comic entertainer Kat came to Tafo to conduct a dance workshop with hundreds of kids, interview the Chief, and see for himself and for MTV viewers all round the world what FOT has done.

Schools throughout Kwahu-Tafo were stimulated to think about the meaning of the 50th Anniversary by the challenge of an Art Competition for all children, and a Short Play Festival.

FOT is: **Chair:** Humphrey Barclay, Nkosuohene of Kwahu-Tafo; **Secretary:** Georgina Owen; **Treasurer:** Benjamin Ntim; **Trustees:** Crispin Leyser, Jules Leyser, Daisy East, Lizzie Pomeroy, Robert Taylor; **Committee Members:** Colena Abbosh, Dr John Ofori.

The Next Five Years

Objectives have been agreed for Kwahu-Tafo's development under three headings:

Education, Job Creation and Quality of Life /

Infrastructure. We have defined a range of projects large and small to be carried out over the next five years. Some of the things FOT needs to do will need annual

funding such as help to the disabled and needy pupils, incentives for students and teachers and an apprentice fund. Some projects are one-offs, and top of this list comes the next building stage at the Senior Secondary School.

The SSS

The school now has more than 200 pupils (when we started it had 10!), studying Business and General Arts. It is run by ten staff accommodated in two tiny rooms. The Ghana Education Service requires us to build proper facilities for the school's staff and administration. This will be a large undertaking for FOT, but we have broken the cost down into "bite size" pieces of around £2,000 each and are keenly looking for donors to help us have the building up and running for September.

Twinning

Three UK schools have now struck up relationships with schools in Tafo. The latest is St. Paul's School in London, which is fundraising through a number of excellent activities to improve sanitation in Tafo

schools – a wonderful initiative which will make a daily difference to the lives of boys girls and staff, who in many cases have literally nowhere to go...

Presteigne Fund

A medical practice in Presteigne in Herefordshire has decided to give 1% of its annual profits to helping the poorest people in Tafo pay their National Health Insurance subscriptions. We know some people who have had to forego help for want of 55p.

The Farm

The Development Council has a big plan to start a poultry/goat/sheep farm to be run on a cooperative basis. This will draw on the traditional skills of the Tafo inhabitants and provide an income-generating focus. We are seriously looking for start-up funding.
